### 1. Contest sponsors

The EUDXCC is pleased to announce 1<sup>st</sup> International **EUDX Contest**.

### 2. General

- a. Aim: It is a world-wide competition: everybody can work everybody
- b. Date and time: The contest will be held on each first full week-end of February starting at **18.00Z Saturday and ending at 18.00Z Sunday** (24 hours). In year 2021 the dates will be February 6-7.
- c. **Categories:**
  1. SOAB-MIX-HP – Single Op, All Bands, MIXED,
  2. SOAB-MIX-LP – Single Op, All Bands, MIXED, Low Power 100 watts
  3. SOAB-MIX-QRP – Single Op, All Bands, MIXED, QRP 5 watts
  4. SOAB-CW-HP – Single Op, All Bands, CW
  5. SOAB-CW-LP – Single Op, All Bands, CW, Low Power 100 watts
  6. SOAB-SSB – Single Op, All Bands, SSB
  7. SOAB-SSB-LP – Single Op, All Bands, SSB, Low Power 100 watts
  8. SOSB – Single Op, single band, MIXED (6 different band entries, separately 160, 80, 40, 20, 15, 10 m)
  9. **MOST – Multi Op, All Bands, Single transmitter, MIXED**
  10. **M/M – Multi Op, multi transmitters, MIXED<sup>1</sup>**
  11. SWL – MIXED .
- d. For Single-Operator, only one signal is permitted at any time. Use of packet cluster, skimmers or any other alerting system is permitted for all entrants. Self spotting or asking other stations to spot you is not allowed.
- e. It is forbidden the dual-CQ on the same band.
- f. For Multi-Operator Multi-TX stations only one transmitted signal per band is permitted.
- g. Bands: From 10m through 160m, except WARC bands, are allowed according to IARU Band Plans.

### 3. QSO Points

- a. **European Union stations:**

QSO with your own country – 1 points,  
QSO with another European Union country – 10 points,  
QSO with a non-European Union country on your continent – 3 points,,  
QSO with another continent – 5 points.

---

<sup>1</sup> *Due to the world coronavirus situation the EUDX contest committee has decided to consider, for this first edition, the Multi Multi category as Multi-Transmitter Distributed category. Stations operating in this category may have a maximum of six transmitted signals, one per band at any one time, from stations in different locations.*

*All equipment, including remotely-controlled equipment, must be located:  
- in the same Region for the European Union Countries (see Rules, Point 7);  
- in the same DXCC entity and same ITU Zone for non European Union Countries.  
Six bands may be activated simultaneously.*

*For all stations who want to take part in this contest as a multi-operator, we strongly recommend this mode*

# EUDX CONTEST

## Rules

b. **Non- European Union stations:**

QSO with European Union – 10 points,

QSO with your own country – 1 points,

QSO with a different country on your continent – 3 points,

QSO with another continent – 5 points.

#### 4. Exchange:

- European Union stations will send RST and a two-letters & two-numbers code to identify their regions.
- Other stations will send RST and ITU zone.

#### 5. Multipliers

- Each *European Union Region* (EUR) count 1 (one) multiplier,
- Each DXCC country count 1 (one) multiplier.

The same multiplier (country/region) can be counted once and only once for each band.

#### 6. Final Score

- All stations: the final score is the result of the total QSO points multiplied by the sum of EUR (European Union Region) and country multipliers.
- Ranking of the EUS (European Union Stations) will be shown separately.

#### 7. The European Union Regions (by call-area) are the following:

### 8. Dupes

- Dupes are contacts made with the same station on the same band and mode. Dupes have 0 points value.

### 9. Qso

- The same station can be contacted on the same band once on SSB/CW but only the first QSO is valid for multiplier point.

### 10. General Note

- All the transmitters and receivers must be found within a circle with 500m maximum radius. All the antennas used by each participant must be physically connected via cables with the transmitters and receivers.
- Remote operation is permitted if the physical location of all transmitters, receivers, and antennas are at one station location. (for example: If a station from Eu have a remote station in Bahamas and he works with his Eu callsign - this is not permitted. If a station from Eu have a remote station in Bahama and he use an C6 callsign - this is legal remote)

# EUDX CONTEST

## Rules

---

- The using of WEB Clusters and Packet radio systems are allowed to all participants in the contest.
- Using of other transmitters and receivers from other locations connected via internet is considered to be unsportsmanlike and it is one of the reason which attract disqualification..
- Self-spotting on Clusters is not permitted.
- Requesting QSOs via phone, telegrams, internet, radio packet during the contest is considered to be self-spotting and is not allowed, leading disqualification of the competitor.
- The participants from the Single Operator category are allowed to change bands and operating modes without restrictions. However, only one single signal is permitted to be “on the air” at the same time.
- The MOST stations must obey the “10 minutes rule”. Time spent in one band start to count down from the moment when the first QSO was done in that band. Only one single signal is permitted to be “on the air” at the same time.

### 11. Definitions

- Single Operator: are those stations under which a single person is in charge with the following duties: operate the radio station, QSO logging and spotting. There is no limit on operating time or band changes.
- All the MIXT categories can operate with the same station both in CW and SSB. Are forbidden contacts in CW within the SSB band segments and vice versa.
- Multi-Single: Only one transmitted signal on one band permitted during any 10-minute period (run station/signal). Exception: the station worked is a new multiplier. The run and multiplier transmitters are governed by independent 10-minute rules.
- Multi-Multi: The six contest bands may be activated simultaneously. Only one transmitted signal per band is permitted at any time.

### 12. Logs

- Logs are accepted only in CABRILLO electronic format.
- Participants pursuing a ranking in the top 3 in any of the categories listed at point 3 are required to enter in the log the exact frequency of each QSO performed (using a CAT system), having as a minimum unit 1 kHz. The ranking in the Top 3 for any of the categories of participation will be validated only under the conditions of entering in the log the exact frequency of each QSO, or by making available to the referees the audio recording of the period of participation in the contest.
- Checklog are accepted.

### 13. Log Submission

- All the Logs must be sent to the contest organizers in maximum 7 (seven) days from the end of the competition. (This year until the 18.00 h of February the 14<sup>th</sup> 2021)
- Each Log will be confirmed via e-mail as well as by placing it in the “List of the received Logs” on the specified webpage.

# EUDX CONTEST

## Rules

---

### 14. Awards

- Diplomas will be awarded for places 1, 2 and 3 in each category listed at the Point 2.c.

### 15. Penalties and disqualifications.

- Logs will be carefully checked by the Contest Committee and mistakes may cause a score reduction. There are no penalties applied to erroneous QSO, but unsportsmanlike conduct may lead to disqualification of the entry. Unsportsmanlike conduct may be found in the LOG data as well in any other recording mean available to the Committee.
- All Contest Committee decisions are official and final.

### 16. Implicit Declaration:

By submitting an entry in the EUDX Contest you agree that:

- you have read and understood the rules of the contest and agree to be bound by them;
- you have operated according to all the rules and regulations of your country that pertain to amateur radio;
- your log entry may be made open to the public;
- all actions and decisions of the EUDX Contest Committee are official and final.
